

# BOURG BRIDGE FOR HP INDIGO DIGITAL PRESSES

BRIDGE FOR HP INDIGO

C.P. Bourg developed a bridge to enable In-Line connectivity in between HP Indigo 5000 and 7000 Digital Presses Series and C.P. Bourg print finishing solutions.

Not all production printers/presses require the Bourg Bridge if the print output height is 860 mm (33.85 in).

Let the Bourg Box included in the bridge do the work for you: instructions for incoming jobs are converted in the pre-press software into an electronic JDF/JMF job ticket. When the Print Manager submits the job to the HP Indigo press, it sends the corresponding JDF/JMF job ticket to the Bourg Box. The Bourg Box then translates those instructions for the connected Bourg BM-e and other print finishing equipment (BSF and/or BPM).

Specifically designed to adapt the height of the input module to the height of your HP Indigo 5/7000 Digital Press Series, this bridge is compatible with the Bourg Sheet Feeder (BSF), the Bourg Booklet Maker (BM-e), and the Bourg Preparation Module (BPM).

Maximize throughput and time between the jobs

Minimize potential for errors and production waste

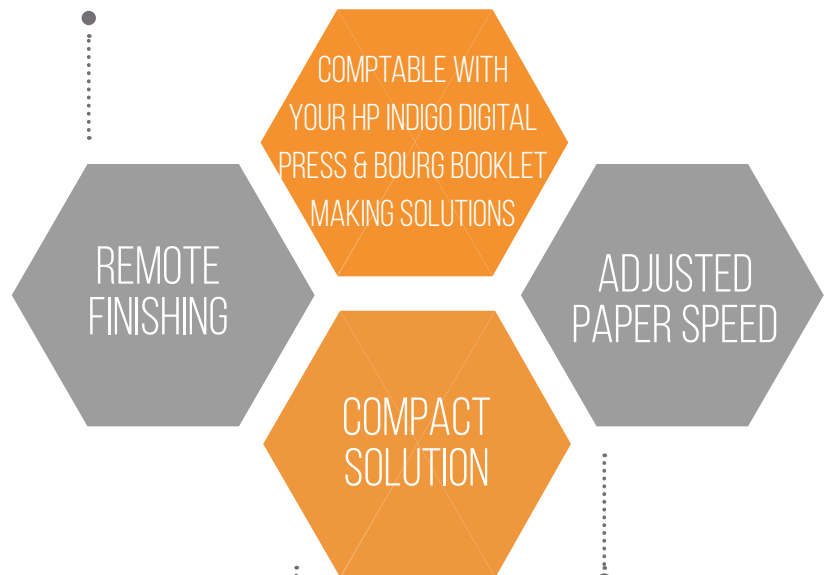

Optimize turnaround time

Compatible with the following Bourg finishing modules: BSF, BM-e and BPM

Two-way communication between your HP Indigo Digital press and Bourg print finishing modules with DFA/jet link compliant devices

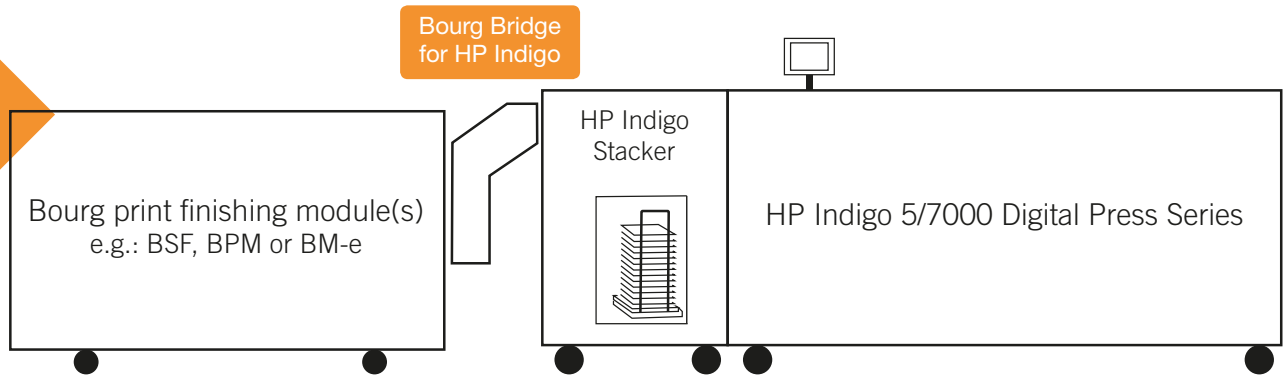

This Bourg bridge has a small footprint and is easy to install.

This Bourg bridge matches the paper speed between your HP Indigo press and C.P. Bourg print finishing modules without slowing down the printing and finishing performances.

Right-to-left paper path

## TECHNICAL SPECIFICATIONS

### Media

This bridge is not a source of any limitations. It handles all sheet sizes/weights/number of layers that can be treated by both HP Indigo 5/7000 Digital Press Series and the connectable Bourg print finishing modules.

### Physical

Dimensions (L x W x H)	37,5 x 57,5 x 109 cm (14.76 x 22.63 x 42.91 in)
Weight	27 kg (59.52 lbs)

### Electrical

Power supply	120/230V ±10%, 50/60Hz, single phase
--------------	--------------------------------------

### Connectability

Bourg Sheet Feeder (BSF)  
Bourg Booklet Maker (BM-e)  
Bourg Preparation Module (BPM)  
HP Indigo 5000 Digital Press Series  
HP Indigo 7000 Digital Press Series  
HP Indigo Stacker
